DETAILED ACTION

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claim 12 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The claim is directed to a computer program without being embodied on a tangible computer-readable medium. Providing language stating that the computer program is encoded on a computer-readable medium would make the claim statutory.

Allowable Subject Matter

Claims 1-11 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
